I would like to appeal the SLD's decision to certify the application. The 471 certification was not submitted on time by the previous Director of Technology. There was a misunderstanding on his part about submitting online, and he did not know that he would have to wait to receive a PIN number before he could successfully submit the 471 application. By the time this information was apparent, the deadline for having the information postmarked had passed.

It would be very beneficial to us have these funds to help us with our technology needs for this year. I request that you reconsider the decision for our 471 application 397429 for funding.

Sincerely,

Jane W. Logan  
Director of Technology
